D Irrigation water	≥ 0	3.5000	3.9480	7.4480	3.5000	3.7470	7.2470

Explanation

The decrease of the electricity tariffs is the result of a decrease in the average fuel expenses for the production of electricity in combination with the expected production-mix and a much lower correction factor over the month July 2024. The decrease in the water tariffs is the result of a decrease in the electricity expenses for the production of water in combination with a lower correction factor over the month July 2024.
