C Hospital	≥ 0	9.4989	3.3027	12.8016	9.4989	3.2552	12.7541
D Irrigation water	≥ 0	3.5000	3.3027	6.8027	3.5000	3.2552	6.7552

Explanation

There is a minor decrease in the average fuel costs for electricity production combined with an increase in the correction factor regarding July 2025. In addition to this, a correction component will be part of the base rate for electricity, jointly resulting in a slight increase in the electricity tariffs. The decrease in the water tariffs is the result of lower electricity costs for the production of water and a slightly higher correction factor regarding July 2025.
